## **Road vehicles — Connections for on-board electrical wiring harnesses**

---

Part 5: Test methods and general performance requirements  
for wiring harness connector operation

## National foreword

This British Standard is the UK implementation of [ISO 8092-5:2021](#).

The UK participation in its preparation was entrusted to Technical Committee AUE/32, Electrical and electronic components and general system aspects (Road vehicles).

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
