

BSI Standards Publication

Electrical requirements for lifts, escalators and moving walks

Part 2: Electromagnetic compatibility with regard to immunity

National foreword

This British Standard is the UK implementation of ISO 8102-2:2021.

The UK participation in its preparation was entrusted to Technical Committee MHE/4, Lifts, hoists and escalators.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
