

BSI Standards Publication

Information technology – Implementation and operation of customer premises cabling

Part 2: Planning and installation

National foreword

This British Standard is the UK implementation of ISO/IEC 14763-2:2019.

The UK participation in its preparation was entrusted to Technical Committee TCT/7, Telecommunications - Installation requirements.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
