Information security, cybersecurity and privacy protection — Physically unclonable functions

Part 1: Security requirements

National foreword

This British Standard is the UK implementation of [ISO/IEC 20897-1:2020](#).

The UK participation in its preparation was entrusted to Technical Committee IST/33/3, Security Evaluation, Testing and Specification.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
