

BS ISO/IEC 27033-3:2010

BSI Standards Publication

Information technology — Security techniques — Network security

Part 3: Reference networking scenarios
— Threats, design techniques and
control issues

National foreword

This British Standard is the UK implementation of ISO/IEC 27033-3:2010.

The UK participation in its preparation was entrusted to Technical Committee IST/33, IT - Security techniques.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
