

BSI Standards Publication

Information technology — Development of user interface accessibility

Part 1: Code of practice for creating accessible ICT products and services

National foreword

This British Standard is the UK implementation of ISO/IEC 30071-1:2019.

The UK participation in its preparation was entrusted to Technical Committee ICT/2, ICT Accessibility.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
