

BSI Standards Publication

Information technology - Underwater acoustic sensor network (UWASN)

Part 2: Reference architecture

National foreword

This British Standard is the UK implementation of ISO/IEC 30140-2:2017.

The UK participation in its preparation was entrusted to Technical Committee IOT/1/-/2, Sensor networks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
