Health informatics — Point-of-care medical device communication

Part 20702: Medical devices communication profile for web services

National foreword

This British Standard is the UK implementation of ISO/IEEE 11073-20702:2018.

The UK participation in its preparation was entrusted to Technical Committee IST/35, Health informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
