Woodworking machines — Single spindle moulding machines — Nomenclature and acceptance conditions

Machines à bois — Toupies monobroches travaillant sur une face — Nomenclature et conditions de réception

First edition — 1983-04-15

UDC 674.055 : 621.914

Ref. No. ISO 7009-1983 (E)

Descriptors : woodworking, woodworking machinery, moulding equipment, nomenclature, acceptance, accuracy.

Foreword

ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of developing International Standards is carried out through ISO technical committees. Every member body interested in a subject for which a technical committee has been authorized has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the technical committees are circulated to the member bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 7009 was developed by Technical Committee ISO/TC 39, *Machine tools*, and was circulated to the member bodies in April 1981.

It has been approved by the member bodies of the following countries :

Belgium	India	Romania
Brazil	Ireland	South Africa, Rep. of
China	Italy	Spain
Egypt, Arab Rep. of	Japan	Sweden
France	Korea, Dem. P. Rep. of	United Kingdom
Germany, F.R.	Korea, Rep. of	USSR
Hungary	Mexico	

No member body expressed disapproval of the document.
