**Financial transaction cards — Messages between the
integrated circuit card and the card accepting device —
Part 2:**

**Functions, messages (commands and responses), data
elements and structures**

TECHNICAL CORRIGENDUM 1

*Cartes de transactions financières — Messages entre la carte à circuit intégré et le dispositif d'acceptation des
cartes —*

Partie 2: Fonctions, messages (commandes et réponses), éléments de données et structures

RECTIFICATIF TECHNIQUE 1

Technical Corrigendum 1 to International Standard ISO 9992-2:1998 was prepared by Technical Committee ISO/TC 68, *Banking, securities and other financial services*, Subcommittee SC 6, *Retail financial services*.

This part of ISO 9992 contains data elements related to dates where the *year* is formatted in *less than four digits*. The format of these data elements will be considered, and, if appropriate, amended on the occasion of the next revision. Meanwhile, it is recommended that users consider, within the context of their implementation of this part of ISO 9992, any requirements for amendment in relation to the year 2000 and their business environment.
