Edition bilingue en anglais et en français. Ce document est également édité en russe. Des exemplaires peuvent être obtenus auprès des organisations nationales de normalisation.

BRIEF HISTORY

The ISO Recommendation R 657/IV, *Dimensions of hot-rolled steel sections — Unequal-leg angles — Inch series — Dimensions and sectional properties*, was drawn up by Technical Committee ISO/TC 17, *Steel*, the Secretariat of which is held by the British Standards Institution (BSI).

Work on this question led to the adoption of a Draft ISO Recommendation.

In December 1967, this Draft ISO Recommendation (No. 1373) was circulated to all the ISO Member Bodies for enquiry. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies:

Australia	Germany	South Africa, Rep. of
Austria	Hungary	Spain
Belgium	India	Sweden
Canada	Israel	Switzerland
Colombia	Korea, Rep. of	Thailand
Czechoslovakia	New Zealand	Turkey
Denmark	Norway	U.A.R.
Finland	Poland	United Kingdom
France	Romania	U.S.A.

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in March 1969, to accept it as an ISO RECOMMENDATION.
