

Guidance on the new European test method standards for thermal insulation materials

ICS 91.100.99; 91.120.10

Committees responsible for this Published Document

The preparation of this Published Document was entrusted by Technical Committee B/540, Energy performance of materials, components and buildings, to Subcommittee B/540/1, European standards for thermal insulation, upon which the following bodies were represented:

- Association of Building Component Manufacturers
- Association for the Conservation of Energy
- Autoclaved Aerated Concrete Products Association
- Brick Development Association
- British Rigid Urethane Foam Manufacturers' Association
- British Vermiculite Association
- Chartered Institution of Building Services Engineers
- Concrete Block Association
- Cork Industry Federation
- Department of the Environment, Transport and the Regions (represented by the Building Research Establishment)
- Department of the Environment, Transport and the Regions (Construction Sponsorship Directorate)
- Department of Trade and Industry (National Physical Laboratory)
- Eurisol (UK Mineral Wool Association)
- European Phenolic Foam Association
- Glass and Glazing Federation
- Meteorological Office
- National House-Building Council
- Polyethylene Foam Insulation Association
- Thermal Insulation Contractors' Association
- Thermal Insulation Manufacturers' and Suppliers' Association (TIMSA)
- Wood Wool Slab Manufacturers' Association

This Published Document, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 April 1998
