

PNO-ISC Information Document 015 ISUP Overload Controls

ICS 33.040.35

National foreword

This Published Document has been prepared by Technical Committee TCT/50 Public Network Operators Interconnect Standards Committee. It describes likely UK inter-connect ISUP overload scenarios.

This Published Document has been produced with place markers for some sections, not yet available, which will be issued as amendments to this Published Document when they become available.

This Published Document contains ISC references to other documents, which are planned to be published as Published Documents. The following list cross-references these against PD publications:

- PD 6645 PNO-ISC/SPEC006
- PD 6623 PNO-ISC/SPEC007

This Published Document is not to be regarded as a British Standard.

This Published Document, having been prepared under the direction of the DISC Board, was published under the authority of the Standards Policy and Strategy Committee on 11 February 2002
