

BSI Standards Publication

Communication networks and systems for power utility automation

Part 90-4: Network engineering guidelines

National foreword

This British Standard is the UK implementation of IEC TR 61850-90-4:2020. It supersedes [PD IEC/TR 61850-90-4:2013](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/57, Power systems management and associated information exchange.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
