Incorporating corrigendum September 2015

BSI Standards Publication

Milk — Determination of the lactoperoxidase activity — Photometric method (Reference method)

National foreword

This published document is the UK implementation of ISO/TS 17193:2011.

The ISO/TS corrected text 1 June 2012 incorporates the following editorial corrections:

- in Clause 6, paragraph 1, "Technical Specification" has replaced "International Standard",
- in the Note to 8.1, "(1)" has been inserted after "chemical reaction";
- in lines 2, 4, 5, and 6 of the variable definitions under Equation (2), an initial "2" has been deleted, so that the affected values now correctly read, "0,05 ml", "43,2 $\mu\text{mol}^{-1} \text{cm}^{-1}$ ", "1,0 cm", and "5", respectively;
- in 10 c), "2011" replaces "2012".

The UK participation in its preparation was entrusted to Technical Committee AW/5, Chemical analysis of milk and milk products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
