Intelligent transport systems — Dynamic data and map database specification for connected and automated driving system applications

Part 1: Architecture and logical data model for harmonization of static map data

National foreword

This Published Document is the UK implementation of ISO/TS 22726-1:2025. It supersedes PD ISO/TS 22726-1:2023, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.
